Gateway Clipper trip Cancelled

Not enough people signed up for the Gateway Clipper event, so it was cancelled. Since Thanksgiving is right around the corner, there will be no formal University Club event. For some optional local events that you might be interested in, see Page 2.

Wreath Workshop
Saturday, December 5th

Cost is $25 for members and $35 for non-members, which includes bus transportation, instruction, and craft materials including the 18” frame.

Finish the 2015 year with some creative fun. We’re heading down to Fort Prickett’s State Park to learn how to make our own decorative wreath! Instructors from the Marion County Master Gardeners will show you how to make the perfect wreath for your home. Bring a pair of gloves, pruners, and wire cutters. Once you’re done, take it home and put your masterpiece on display! If you are interested in this festive time, fill out and send us your reservation form! You sure wouldn’t want to miss this special event with family & friends!

We really do need your help! A few of the officers have recently retired, and there is a possibility I may need to step down soon from my position as President.

Operations are fairly organized, with master files in Excel for ease in reviewing financial activity, membership, and event data. We are working on preparing several years of events ahead of time, tweaking the new website for more efficient dissemination of the event information, and populating the club calendar with important events and tasks. So even if you feel like helping in small ways, it would be welcomed.

Do you have some great ideas that the club can benefit from? Are you bored and want to help others at network and have fun? Are you good managing students, planning events, coordinating activities, writing newsletters, working on websites? Please volunteer to be nominated for an officer position, or to be on a committee. It’s your club—help make a difference by attending at least 4 annual meetings. Feel free to email me with your questions.  

Happy Thanksgiving!
